### CRITICAL ACCLAIM FOR *THE RECORD*:

“...everything the trio of Julien Baker, Phoebe Bridgers and Lucy Dacus have put out related to their debut studio album this year has sounded casually definitive” -

[\*\*Billboard “The 50 Best Albums Of 2023 So Far”\*\*](#)

“...a world-beatingly great band, with three of the most brilliant singer-songwriters in the game.” - [\*\*Rolling Stone “The Best Albums of 2023 So Far”\*\*](#)

“the record is the sound of a few of the sharpest pens doing devastating work over a batch of the catchiest tunes of their careers” - [\*\*Vulture “The Best Albums of 2023 \(So Far\)”\*\*](#)

*"...the only album of 2023 that feels like a lawfully wedded union of the Breeders and Crosby, Stills and Nash."* - [Variety "The 20 Best Albums of the Year \(So Far\)"](#)

Rock trio **boygenius**, (Julien Baker, Phoebe Bridgers and Lucy Dacus) have released an animated video for **"Cool About It,"** a lead single off their critically acclaimed album ***the record*** which dropped on March 31st of this year. The video, which is the first animated video directed by Lauren Tsai, details the relationship between a dog and a dog toy through intricate visuals and beautifully crafted animation.

Of the video's creation, Tsai says: *"Cool About It" is a beautifully melancholic and piercing song that puts words to feelings often unexplained. It is an absolute dream to collaborate with the genius that is boygenius. I made animated videos on YouTube when I was 11 and I cannot imagine something I'd lose my mind over more if I could go back in time and tell myself. I will always be grateful to the band for the many ways in which their work has affected my life."*
